PATIENT CARE & TECHNICAL SKILLS (Residents should provide compassion, appropriate and effective care for health problems and should make efforts to promote health)

Develop a management plan based on radiologic findings, clinical information and uses evidence based imaging guidelines such as ACR Appropriateness Criteria.

Level 1  Level 2  Level 3  Level 4  Level 5  Below Expectations

Demonstrate proper technique in planning and performing image-guided procedures appropriate for level of training.

Level 1  Level 2  Level 3  Level 4  Level 5  Below Expectations

Is able to handle procedure complications that arise.

Level 1  Level 2  Level 3  Level 4  Level 5  Below Expectations

MEDICAL KNOWLEDGE (Residents should be knowledgeable, scholarly and committed to lifetime learning)

Recognize and describe relevant radiologic abnormalities appropriate for level of training.

Level 1  Level 2  Level 3  Level 4  Level 5  Below Expectations

Synthesize radiologic and clinical information and form an impression, as well as developing an appropriate course of action for patient follow-up for level of training as well as management options/recommendations for their level of training.

Level 1  Level 2  Level 3  Level 4  Level 5  Below Expectations

Utilize information technology to investigate clinical questions and for continuous self-learning

Level 1  Level 2  Level 3  Level 4  Level 5  Below Expectations

Is able to select, modify and customize protocols for imaging examinations appropriate for their level of training.

Level 1  Level 2  Level 3  Level 4  Level 5  Below Expectations

Is able to recognize suboptimal imaging and optimize image quality as is appropriate for their level of training.

Level 1  Level 2  Level 3  Level 4  Level 5  Below Expectations

INTERPERSONAL AND COMMUNICATION SKILLS (Residents should communicate and teach effectively)

Show sensitivity to and communicate effectively with all members of the health care team, patients and family members

- Level 1
- Level 2
- Level 3
- Level 4
- Level 5
- Below Expectations

Appropriately obtain informed consent

- Level 1
- Level 2
- Level 3
- Level 4
- Level 5
- Below Expectations

Recognize, appropriately communicate and document in the patient records urgent or unexpected radiologic findings

- Level 1
- Level 2
- Level 3
- Level 4
- Level 5
- Below Expectations

Produce radiologic reports that are accurate, concise and grammatically correct and are appropriate for level of training.

- Level 1
- Level 2
- Level 3
- Level 4
- Level 5
- Below Expectations

Effectively teach residents, medical students and other health care professionals

- Level 1
- Level 2
- Level 3
- Level 4
- Level 5
- Below Expectations

Generates accurate reports with required documentation for billing purposes (indications, contrast dosage, appropriate format, linkage of multiple accession numbers, etc.)

- Level 1
- Level 2
- Level 3
- Level 4
- Level 5
- Below Expectations

Clearly communicates findings and recommendations to referring clinicians verbally and appropriately documents notification of urgent findings in the medical record.

- Level 1
- Level 2
- Level 3
- Level 4
- Level 5
- Below Expectations

PRACTICE-BASED LEARNING AND IMPROVEMENT (Residents should investigate and evaluate patient care practices and appraise and assimilate scientific evidence in order to improve their products)

Participate in QI (Quality Improvement) / QA (Quality Assurance) activities

- Level 1
- Level 2
- Level 3
- Level 4
- Level 5
- Below Expectations

Recognize and correct personal errors

- Level 1
- Level 2
- Level 3
- Level 4
- Level 5
- Below Expectations

Is able to recognize and manage contrast reactions.

- Level 1
- Level 2
- Level 3
- Level 4
- Level 5
- Below Expectations

Demonstrates awareness of radiation safety and MR safety.

- Level 1
- Level 2
- Level 3
- Level 4
- Level 5
- Below Expectations

PROFESSIONALISM (Residents should be altruistic and accountable and adhere to principles of medical ethics by respecting and protecting patients' best interests)

Demonstrate a responsible work ethic with regard to conference attendance and work assignments

- Level 1
- Level 2
- Level 3
- Level 4
- Level 5
- Below Expectations
Demonstrate acceptable personal demeanor, hygiene and appearance

Prioritizes patient care, maintains patient confidentiality, and behaves appropriately in patient interactions.

Fulfills work responsibilities in a timely and appropriate manner.

Recognizes personal limitations, seeks assistance appropriately, and responds appropriately to constructive criticism.

Demonstrates professionalism, punctuality, integrity, tolerance, and ability to work in team.

SYSTEMS-BASED PRACTICE (Residents should understand healthcare practice)

Demonstrate knowledge of and apply appropriateness criteria and other cost-effective healthcare principles to professional practice

Demonstrates awareness of and contributes to on-going quality improvement.

OVERALL

Overall Performance - Have Met Expected Goals & Objectives for Level of Training
